BE A PART OF THE NATIONAL AIRLINE

REF NO: IAS/MIS/2026/1788 **DATE:** 16th November 2026

ASSOCIATE FLIGHT OPERATIONS ENGINEER

FLIGHT OPERATIONS DEPARTMENT

JOB REF NO: JA/2026/108

Job Scope:

- Support Flight Operations in delivering safe, compliant and efficient aircraft operations through engineering analysis, aircraft performance assessment and operational data management. Key responsibilities:
  - Conduct take-off, landing and en-route performance analyses and weight and balance assessments, including runway, obstacle, payload, diversion and centre-of-gravity considerations.
  - Evaluate the operational effects of aircraft defects and configuration changes (MEL/CDL, fuel penalties), and support route and aerodrome studies with recommended mitigations.
  - Validate performance applications, electronic flight bag tools and flight-planning data against approved documentation and analyse fuel and performance data to identify discrepancies and improvement opportunities.
  - Prepare technical reports, operational guidance, review manufacturer publications and regulations, support safety risk assessments and investigations, and coordinate with flight crew, Operations Control and Engineering.

Job Criteria:

- Bachelor's Degree with honours in a STEM discipline from a recognized university in Aerospace/Aeronautical Engineering, Mechanical Engineering, Applied Mathematics, Physics, Statistics or a related field.
- Strong quantitative and analytical ability, with a sound grasp of mathematics, statistics and physical principles applied to unfamiliar technical problems.
- Ability to structure complex problems, test assumptions and reach evidence-based conclusions, with high attention to detail and data integrity.
- Clear written and spoken English for interpreting technical manuals, plus professional judgement, integrity and willingness to escalate safety concerns.

Benefits:

- Health Insurance for staff and dependent as per Corporate Health Insurance Policy
- Rebated tickets on Company Airline services as per policy
- Credit facility enrolment from selected institutions
- Discounts from selected vendors

*Terms and conditions of company health insurance policy applies

Location:

- Flight Operations Department / IASL Corporate Headquarters'

Deadline for Applications: 1400 hrs on 23rd November 2026

Note:

* Educational certificates must be accredited by MQA, if acquired from an overseas institution.
* **Only Maldivians** will be accepted for the above position and only shortlisted candidates will be notified.
* Inaccurate/incomplete and applications that do not meet the above requirements will be disqualified.
